AOA Indoor High-Precision Positioning Micro Anchor

BA3000-t

Product Parameters

【★Positioning Technology】 : Bluetooth AOA, 0.1m ~ 1m accuracy

【Maximum Positioning Diameter】 : 20m (submeter level)

【Interface Protocol】 : Bluetooth 4.0 or above

【★Compatibility】 : Compatible with iOS / Android, mobile APP / Mini Program

【★Network Interface】 : 10/100M RJ45

【Antenna Type】 : Built-in omnidirectional antenna

【★Interface Type】 : Daisy chain (one input, one output), dual Ethernet ports for series connection

【Upgrade】 : OTA

【Frequency Band】 : 2.4GHz ~ 2.485GHz

【Installation】 : Ceiling-mounted / Wall-mounted, maximum installation height 20m

【Dimensions】 : 220mm×220mm×32mm

【Weight】 : 570g

【Power Supply】 : IEEE 802.3af PoE 48V

【Operating Temperature】 : -20°C~70°C

【Storage Temperature】 : -40°C~85°C

【Operating Humidity】 : 10%~90%, non-condensing

【Storage Humidity】 : 5%~95%, non-condensing

【★Certifications】 :

BQB/FCC/CE/RoHS

- Positioning accuracy up to 0.1m ~ 1m meter, supporting submeter high-precision positioning tracking
- Support daisy-chain dual-network port serial connection, easy to deploy with minimal wiring
- Support iOS and Android systems, mobile applications and Mini Programs
- Feature Bluetooth connectivity for IoT data transmission and tag information reporting
